W. H. Lorenz and G. C. Putman appeared on behalf of the West Pine St. Improvement club and stated that they desired relief from the dust in that part of town.

D. D. Smith complained of the fact that he pipe carrying drainage water across School St. at Pine was blocked up by the sand and dirt, causing the water to overflow.

Mr. Putnam stated that the Street Sweeper did not remove rocks and sand from the street, simply taking the manure.

The Board agreed to have the sand removed from that part of the street and try sprinkling it twice a day, and the Supt. of Streets was directed to act accordingly.

The Board then adjourned.
